The running period for the event is : Rahu / Saturn.

Both Planets are dangerous for health. Rahu is conjunct to the Ascendant as well as to Venus, the ruler of the 6<sup>th</sup> House. Saturn is in a nakshatra of Jupiter, the lord of the Ascendant.

Rahu and Saturn signify chronic diseases and Rahu makes the process to cancer.

The breast is signified by the Moon and the 4<sup>th</sup> House. The Moon is in a nakshatra of Kethu, the sub lord of the 6<sup>th</sup> House, and is in a sub of Saturn, the lord of the sub-period.

Rahu is in a sub of Mercury, the lord of the 4<sup>th</sup> House. With a birth at 5h42, Saturn becomes the sub lord of the 4<sup>th</sup> House.

Method : KCIL using SSL

I fixed her time of birth as 05 44 07 as per the norms of perfect Ascendant by this method.

Asc SSL is Ketu. Ketu is significator of 1-6-8-12 suggesting that the native is prone to serious disease. Asc. involves 1-4-8-12 and commits to 8 and 12 clearly gives indication that the affected part in the body is 4<sup>th</sup> House which represents breasts. Further 4<sup>th</sup> House SSL Venus (Antra lord) with PS involves 1-4-8-12 and commits to Asc doubly ensures breast cancer and surgery. Dasa running on 02 06 06 was Ra-Saturn-Venus-Ra-Ra. All these planets are also significators of 1 4 8 12.

Transit: On the date of event, Sun transits over Venus sign and Venus role is already discussed above. Moon transits over Sun which is not only SSL of 8<sup>th</sup> House but significator of 1-4-8-12. Virtual Transit i.e. Progressed Ascendant and chart also confirms the event.
