The running period for the event is : Rahu / Saturn.

Both Planets are dangerous for health. Rahu is conjunct to the Ascendant as well as to Venus, the ruler of the 6<sup>th</sup> House. Saturn is in a nakshatra of Jupiter, the lord of the Ascendant.

Rahu and Saturn signify chronic diseases and Rahu makes the process to cancer.

The breast is signified by the Moon and the 4<sup>th</sup> House. The Moon is in a nakshatra of Kethu, the sub lord of the 6<sup>th</sup> House, and is in a sub of Saturn, the lord of the sub-period.

Rahu is in a sub of Mercury, the lord of the 4<sup>th</sup> House. With a birth at 5h42, Saturn becomes the sub lord of the 4<sup>th</sup> House.
