Uses Western astrology

In my opinion, this man fall down the stairs and broke his back during a working visit to Japan.

1) Solar Return. The Moon is held between the two malefics : in conjunction to Mars in the House VIII and in opposition to Saturn. Which can brings accidents, breaks and injuries. This conjunction reactivates the opposition Moon-Mars of the natal chart.

Saturn is strong as ruler of the first House as well as lord of the hour.

2) Alunar or Lunar Return of May, 17th 2024, 15h44 UT. The Ascendant takes place in the House VIII of the radix. The opposition Moon-Saturn is reactivated since the Moon is the lord of the hour and Saturn the almuten of the Ascendant. Saturn stands at 17°56 Pisces. According the Volasfera, the degree means : « A horse and its rider failing at a fence. Degree of Catastrophe. This symbol denotes one whose career will be broken in a foreign land or in a pursuit of an entreprise that is strange and foreign to his nature or capacity. »

Uses the Lunar revolution

In the traditional lunar revolution, Mars, lord of the year, is almuten of the 6th, posited in the 9th in opposition to the Part of the Acts. The Sun, almuten of the Ascendant, is peregrine in the 10th, conjunct with Uranus (sudden and unforeseen events), Venus (almuten of the 6th, 8th, 9th and 10th Houses) and the Moon (almuten of the 12th). Mercury is in sextile with the Part of Journeys, whose it is the almuten: this stresses the importance of travelling during this period.

In the quotidian chart, Mars, lord of the year, is in the 6th in sextile with the Part of Journeys by the Sea. Venus, almuten of the 1st, is peregrine and combust in the 8th House, with the Sun being almuten of the 6th and the 10th. Saturn, second almuten of the 1st, is peregrine in the 6th, conjunct with the Moon (almuten of the 9th) square the Sun (almuten of the 6th and the 10th), opposite the Part of Life.
