The answer is option 1: his father died

The answer is best recognised in the biwheel (AH Chart on the inside):

- Sun, father, AH conjunct Vx in the 8th AH House
- There is a Yod between:
natal MC inconjunct the AH Sun, Ruler of the 4th AH House of the father
AHSun is conjunct Neptune, Ruler of the 8th AH House of the father
sextile Saturn (death) in the 4th AH House

The running period for the event is : Rahu, Saturne.

Rahu is in its own nakshatra. So I don't take it into account. Rahu is in Gemini, a sign of Mercury, and in the 12th House. Mercury is conjunct to the Sun in the 4th House. It is like a conjunction Rahu-Sun. The Sun signifies the father, the 4th House the parents, the 12th House the loss.

Saturn is in a nakshatra of Mars. Mars is conjunct to Venus, which rules the 4th House. Moreover, Saturn makes a close aspect to the Sun.

Since Rahu as well as Saturn are natural malefics and Mercury rules the 12th House, I choose the death of the father.

With Rahu, the death could have been sudden and unexpected, as a heart attack for example, because the Sun is in fall and Saturn in the 4th from the Sun, the House of heart

Dasa running on the given date was Ra-Sat-Mer-Ra-Ke.

All these Planets are not only appearing as co ruling Planets of 4/9/3/10 but also signifiers of these Houses. This clearly indicates that the Dasa series Planets ready to give death to the native's father. On 22-1-1995, Sun transits over Saturn sign and Sun

Star. Thus Sun transits over Bhukti Lord Saturn. Moon transits over Mercury , the Antara Lord and Moon star. Moon with Positional Status is virtual SSL of 3rd House which is badka house of native's father. Death inflicting Planet Saturn transits over Rahu which is Dasa Lord. Thus Dasa series Planets and transit confirms the death of native's father. Further, progressed chart's Ascendant and Moon's progressed position activate 4-9-3-10 doubly confirms the death of native's father.

On the specified date, the man was running Rahu-Venus-Venus dasha. Unless Rahu's lord is in excellent condition, Rahu Mahadasha often harms the bhava cusp that he's conjunct. In the D60 varga, Rahu gives the results of its lord Sun, who is debilitated in Libra. Sun rules the 9th bhava cusp (paternal lineage) and the 4th bhava cusp (family). So, Rahu dasha will be difficult for paternal affairs. In the Solar Return, the Ascendant is placed in the natal 10th house of father.

The Solar Return MC is conjunct natal Ketu, suggesting losses connected to the father. Solar Return Ketu is conjunct the natal MC, further reinforcing losses and challenges associated with the father. Natal Rahu is conjunct the Solar Return 4th house cusp in opposition to the Solar Return 10th house. Solar Return Saturn is conjunct at one degree to the natal 9th house cusp, suggesting loss of father.
