

On 6 November 2003 the man had a surgical operation for a heart disorder. Above is his Harmonic Chart for that date.

- Daily Age Harmonic Chart has Aries Rising. Ruler Mars rules also the 8th House, which immediately suggests surgery
- the Vertex conjunct Mars emphasizes the Martian energy and indicates a significant life event
- Mercury at the 8th cusp and ruling the House of Illness squares the Equatorial Ascendant (the person)
- hospitalization is shown by the Moon in the 8th House trine Saturn in the 12th , Saturn sextile Neptune, Ruler of the 12th , and Jupiter on the Ascendant ruling the 12th

The only other possibility – arrested for cocaine trafficking – is ruled out by the absence of a coercive aspect from Pluto to Jupiter.

The aspects that reveal the answer are the four with the smallest orbs:

1. Saturn sextile Neptune
2. Mercury square Eq.
3. Mars conjunct the Vertex
4. the Moon trine Saturn

10 Astrologers participated in the Test. 5 Astrologers found the correct answer. You can read their findings below in order of receipt.

uses Classic Astrology, Solar Arc, Secondary Progression, Lunar, 7th -Rhythm

- in Solar Arc Jupiter is at the Ascendant. Jupiter in natal chart is in Capricorn (fall). It means, that his physical condition is bad now. This Jupiter Aspect is also bad for the Moon, because Jupiter is in exaltation in Cancer. In the natal chart the Moon is in the 12th House. Mars is in exaltation in Capricorn, that's why Jupiter is interested in Mars (Mars = surgery)
- in the secondary progression, the Moon is on top of the 6th House in natal chart (health). The Part of Fortune is on Jupiter in natal chart (good for the improvement of his condition)
- In Secondary progression (backwards) the Moon (from the 12th House) is conjunct the Sun (natal chart) – he went into hospital
- Lunar: Jupiter is in the 6th House opposite Mars-Moon in the 12th House. He was in hospital for a surgical operation to improve his condition.
- 7th -Rhythm: at the age of 66 and one month, the Moon was activated in the 12th House

Dasa operating on 6 -11- 2003 was Ve-Mo-Me-Ve-Ma-Ra.

All these planets are operating 1-8 either by involving 8 and committing 1 or involving Ascendant and Committing 8th House. Jupiter is SSL of Progressed Ascendant Chart. Jupiter also operates 1-8 in the Natal chart. Moon's co-ruling Planets in the progressed chart activates 1-8 in the progressed chart itself. Further JUPITER transits in Mercury sign which is Antara Lord and Saturn Transits over 8th cusp SSL confirm that the native had surgical operation.
